

WHY YOU SHOULD BECOME A EPSON TOUR HOST FAMILY FOR THE CAROLINA GOLF CLASSIC

DATES NEEDED: JUNE 6 - 12, 2022

WHAT ARE HOST FAMILIES?

Housing Hosts will have the unique opportunity to get to know the players on a personal level by opening their homes to Epson Tour professionals during tournament week and inviting them to stay in your home. You are providing the players a **comfortable home away-from-home environment** as well as alleviating some of their weekly expenses. Time and time again, lasting friendships are developed out of being a Housing Host, you never know, **your player could become the next LPGA star.**

“ Some of my past host families have become my close friends and biggest supporters. I write back and forth with one host mom every week, and she is now as much a part of my journey as my own family.

- MADELEINE SHEILS

“ The home cooked meals and endless laughs definitely made life on the road feel a little bit more normal each week.

- CAROLINE POWERS

DEMI RUNAS (Retired Epson Tour & LPGA Tour Member Pro)

Having the opportunity to stay with host families made a great impact on my career, both as an amateur and a professional.

Housing not only helps with expenses, but provides a break from the impersonality of hotels. Sleeping in a warm bed, and having home cooked meals seem like subtle nuances, but they make a huge difference for us, especially after multiple weeks on the road. I've met some **truly amazing and generous people during my stays** in host housing through the years. I developed a relationship with many of the families I stayed with, and I still keep in touch with many of them to this day.
